## **Independent Auditors' Report**

To the Stockholder of  
TAAL Technologies, Inc.

### **Report on the Financial Statements**

We have audited the accompanying balance sheets of TAAL Technologies, Inc. (the "Company") as of March 31, 2019 and 2018 and the related statements of income and retained earnings and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

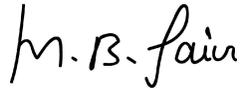

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of TAAL Technologies, Inc. as of March 31, 2019 and 2018 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**TAAL Technologies, Inc.**  
**Notes to Financial Statements**  
**Years Ended March 31, 2019 and 2018**

---

**1. Organization**

TAAL Technologies, Inc. (“TAAL Tech” or the “Company”) is a Delaware corporation incorporated on June 19, 2009. It is a wholly owned subsidiary of TAAL Tech India Private Limited, a foreign entity. TAAL Tech is a niche engineering and technology solutions provider serving global corporations in their pursuit for faster innovation and technological excellence. TAAL Tech provides product engineering services, R&D services and IT Services customized to specific needs of individual customer.

**2. Summary of Accounting Policies**

**Cash and Cash Equivalents**

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash balances which are maintained financial institutions are insured by the Federal Deposit Insurance Corporation (“FDIC”). At various times throughout the year, the Company’s cash balances exceeded the FDIC limit. As of March 31, 2019, the Company has approximately \$80,000 in excess of the amount insured by the FDIC.

**Accounts Receivable**

The Company generates revenues from sales of services by placement of employees at parent and affiliated companies’ clients. Revenues are recognized as services are performed. The majority of revenues are generated by placement, where billings are generally negotiated and invoiced on a cost plus basis. Accordingly, as contingent workers are placed, the Company records revenues based on the hours worked. Provisions for sales allowances, based on historical experience, are recognized at the time the related sale is recognized.

The Company records revenues from sales of services and the related direct costs in accordance with the accounting guidance on reporting revenue gross as a principal versus net as an agent. In situations where we act as a principal in the transaction, the Company reports gross revenues and cost of services. When the Company acts as an agent, the revenue is recorded on the net basis. Amounts billed to clients for out-of-pocket or other cost reimbursements are included in revenues from services, and the related costs are included in cost of services.

**Allowance for Doubtful Accounts**

The Company records an allowance for doubtful accounts recorded as an estimate of the accounts receivable balance that may not be collected. This allowance is calculated on an entity-by-entity basis with consideration for historical write-off experience, the current aging of receivables and a specific review for potential bad debts. Items that affect this balance mainly include bad debt expense and the write-off of accounts receivable balances.

**Years Ended March 31, 2019 and 2018**

---

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Income Taxes**

Income taxes are recorded in accordance with the accounting guidance on income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between financial statement carrying amounts of existing assets and liabilities and their respective tax basis, and net operating loss and tax credit carryforwards.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The Company records a valuation allowance against deferred tax assets for which utilization of the asset is not likely.

**3. Related Party Transaction**

The significant portion of revenue is earned from the parent company which amounted to \$4,521,996 and \$3,200,181 for the years ended March 31, 2019 and 2018, respectively. As of March 31, 2019 and 2018, the balance outstanding from this affiliate was \$410,088 and \$341,961, respectively, which is presented as accounts receivable in the accompanying balance sheets.

**4. Income Taxes**

The income tax expense consists of the following for the years ended March 31:

	<u>2019</u>	<u>2018</u>
Federal income tax	\$31,479	\$34,000
State income tax	<u>\$9,506</u>	<u>\$7,755</u>
Total	<u>\$40,985</u>	<u>\$41,755</u>

**5. Subsequent Events**

In preparing these financial statements, the Company has evaluated subsequent events through June 10, 2019, which is the date the financial statement were available to be issued.
