Pomegranates may soon be exported to Oz

NANDA KASABE

Pune, September 9

FROM POMEGRANATES MAHARASHTRA could soon find their way to the Australian market. Until now, only mangoes were exported to Australia from India.

The Maharashtra State Agriculture Marketing Board (MSAMB) has been working with the Australian government to conduct various assessments for the past year to commence exports of the fruit.

Sunil Pawar, MD, MSAMB, said there is a big demand for pomegranates in Australia due to its medicinal properties. Australia currently imports 4000 tonne of

pomegranates from New Zealand and the US, he said. Around eight levels of assessments and approvals are required to export any kind of agri produce to Australia, senior officials of the marketing board said. The agri-produce sent to Australia requires to undergo the irradiation process.

Life insurers' new business premiums see 14.8% growth in August

FE BUREAU Mumbai, September 9

NEW BUSINESS PREMIUMS (NBP) of life insurers saw a growth of 14.79% in August at ₹27,039.79 crore, against ₹23,554.94 crore in the same month last year, led by a surge in the group single premium business. Categories such as individual single premiums and individual non-single premiums recorded a decline in August.

According to Kotak Institutional Equities, individual annualised premium equivalent (APE) declined 6% y-o-y for private players in the month under review, broadly similar to the past two months. "Staggered lockdowns disrupting physical channels, weakness in capital markets, focus on cash conservation and moderation in protection business post rate hikes dampened the pace of recovery," said the Kotak report.

APE is the sum of annualised first year premiums on regular premium policies and 10% of single premiums, written by insurance companies during any period from both

retail and group policyholders. The data from Insurance Regulatory and Development Authority of India (Irdai) show that private life insurers saw the growth of 13.74% in their NBP at ₹7,325.59 crore in August. The NBP for Life Insurance Corporation of India (LIC) stood at ₹19,714.21 crore, a rise of 15.19%.

Kotak in its report also said LIC's strong growth was likely driven by traction in endowment and annuity-based products. However, officials from insurance companies said lack of participation from individual investors can be a cause for concern for the industry. Irdai data show that the NBP of individual single-premium and individual non-single premiums delivered negative growth of 9.74% and 1.33%, respectively, in August.

"In August, growth came due to the group single premium business, while individual investors are still staying away. We expect the individual business to pick up in the months to come as situation improves on the economic as well as on the pandemic fronts," said an industry official. Private life insurers saw the

NBP for individual single premium at ₹1,097.79 crore, a growth of 59.52% against the same period last year. However, LIC saw its NBP for individual single premium down by 17.02% at ₹5,429.57 crore in August, compared to ₹6,543.35 crore in the year-ago period.
